Web Development / User Experience
Networking / Software Development / Data Analysis

Hard-working, dedicated to learning new things, detail-oriented, and passionate about shipping the highest caliber product. Frontend, Backend, and everything in between.

Work Experience

The NBN Group; Marlton, NJ • 2017 - Present
Billing Specialist & Software/Web Developer

Hired for collections, but made a case for building software to improve their outdated workflow.

- **Designed and built C# application to generate barcodes, pulling information from SQL Server Database, helping to manage incoming documents from nurses in the field.**
- **Designed and built C# WPF application to manage patient charts for the different departments, allowing for them to collaborate on treatment plans.**
- **Designed and built Node.js/React based wiki to allow for managers to supply training documents to new hires.**
- **Designed and built Node.js/React/Electron desktop app to perform date operations.**

Pat's Select; Marlton, NJ • 2015 - 2016
Delivery Driver

Customer service in a delivery/catering environment.

- **Adhered to a strict time schedule, managing multiple responsibilities efficiently.**

Patientstar; Moorestown, NJ • 2009 - 2014
Executive Assistant & Software/Web Developer
Part-time employee, working around school. Responsible for special projects, reporting to CEO.

- **Created an online advertising presence, using Google AdWords and Craigslist, bringing in several major clients.**
- **Drafted project proposals and visual layouts for webpage redesign to align with advertising goals. Implemented click-to-call functionality on the website using C# and Razor syntax.**
- **Designed and built a multi-page, web-based online reporting dashboard in C# that displayed call center metrics pulled from a SQL database. This was utilized internally and externally for each customer's individualized platform.**
- **Designed and built a call routing application (.NET web app) that allowed over 300 frontline employees (PCC's) to receive calls from our toll free number on any phone.**

Patientstar; Moorestown, NJ • 2009 - 2009
Intern
Summer internship, performing administrative tasks for call center startup.

- **Researched potential clients, storing their contact information in an Excel spreadsheet.**
- **Unit testing on web applications. Cross-browser compatibility testing (IE, Firefox, Chrome). Wrote use cases. Recorded bugs using BugTracker.**

Fox Hollow Swim Club; Cherry Hil, NJ • 2007 - 2009
Lifeguard
Summer job lifeguarding at local pool.

- **Ensured safety of all patrons in and out of the water.**
